### CLIENT TESTIMONIAL

"Right from the start of our bid application the Clive Owen Team explained each step thoroughly and logically. They were completely transparent regarding our application and acted with great integrity in ensuring our grant met the criteria of the fund to which they were applying before committing to work on our behalf.

During the process itself they assisted us in ensuring that we provided the right information at the right time in a manner consistent with success. What would have been a very time-consuming process for us which may not have achieved a successful outcome was made far simpler and effective using the excellent services offered by Clive Owen.

Our bid application was complex and required much work. Throughout, the Clive Owen Team worked hard on our behalf to set the conditions for success. A necessarily complex and thorough process was made easy and painless by the team from Clive Owen. Not only would I have no hesitation in recommending them to others, I would also welcome the opportunity to work with them again. Clive Owen represent excellent value for money."
